10 Acres Sought In Huge Apartment Project

Keeping Up - - With Uplanders

By V. V. P.

BIG JAMBOREE

One of the big thrills in the lifetime of 12 Boy Scouts from this area will be attendance at the National Boy Scout jamboree at Irvine ranch for a week beginning July 17.

Only to be a Boy Scout again!

Fifty thousand boys will be camped on the Irvine ranch, a short distance from the shores of the Pacific. From all over the United States and 100 boys, especially invited from foreign countries, the Scouts will mingle in a never-to-be-forgotten experience.

Last week we published names of the boys going to the jamboree from here. Just in case you missed the story, here are their names again: Kent Mount, Larry Bartlett, Jerry Bartlett, Gary Thrall, John Andreas, Michael Hanamura, Upland; Tom Stoebe and Robert Kilmurray, Alta Loma; James Hansen, Larry Hirschler and Bruno Pilone, Cucamonga. Jay Henion, an Explorer Scout, will also attend.

NEW BABY

It is customary for Mrs. A. W. Galentine of The Upland News staff to contact parents or relatives to get additional information about the birth of a child, the name of the infant and names of the grandparents and other data not supplied by the hospital.

And so it was that she called Mrs. George Byron Ford, 515 North Mountain avenue, a grandmother. It so happened that Mr. and Mrs. Ford had just arrived home a few minutes before the phone call, from a three weeks vacation.

"I am calling about your new grandson," Mrs. Ford was informed. That was the first news the Upland couple had about the birth of a child to their son-in-law and daughter, Mr. and Mrs. Alvin J. Fink of Covina Highlands. The child was born at the San Antonio Community hospital.

THE CITY PARK

One of the most enjoyable spots in the Chaffey district in the long twilight hours is the city's Memorial park.

Established not so many years ago, the park is developing to the great satisfaction of many people. And many people are using the park.

It is a glorious setting for a restful, leisurely evening.

STATISTICS

Some Uplanders may know all about the community but many people like a "refresher" on local statistics, such as elevation of Euclid avenue and Foothill boulevard is 1,000 feet; within the city limits are 12 square miles; city owns its water department and profit from that department helps keep down the tax rate; Euclid avenue is 14 miles in length from south of Ontario to Twenty-fourth street; six citrus packing houses handle the city's big crop of oranges, lemons and grapefruit; two elementary and one junior high school make up the education system; 12 churches serve the community; more than 350 local people are employed by the Kaiser Co.

AND OTHER THINGS

Upland's new food store ranks fourth in size on a square footage basis of all grocery stores in Southern California . . . A year ago the Upland school budget was increased 20 per cent; this year's increase is scheduled to be 32 per cent over last year, all of which means 52 per cent higher costs than for the year 1951-52. . . . If you haven't read at least three books in the Upland library during the past 12 months you are not using your "pro rata" share of the library.

TELEPRONE CO. SITE

Mixed reactions have followed the refusal of the Upland Planning commission to allow the General Telephone Co. to use a West Foothill boulevard site for a new building.

Why should any local agency deny the wish of a company that desires to erect an attractive building anywhere on the city's principally-traveled highway?

On the other hand, why should a big corporation seek to go contrary to a preconceived plan for development of the community? It seems there is plenty of East Foothill frontage in the business zone and why shouldn't the company use such an area rather than to "invade" an agricultural zone?

We readily concede the proposed telephone building would be a major addition to the boulevard, whether it is east or west of Euclid avenue. And if business is to be allowed any place on the boulevard, the company should be granted its requested zone change.

If, on the other hand, only East Foothill frontage is going to be used for business, there is good reason to deny the application.

All Uplanders are concerned and local people are privileged to have a voice in such matters. Members of the planning commission and other city officials will be pleased to hear what local residents think.

Mary Herrera, 13-year-old daughter of Mr. and Mrs. Dan Herrera, 9776 Main street, Cucamonga, is home from San Antonio hospital after medical care.

Do You Want Twins? Then Live in 800 Block

TRIPLE TWINS — The 800 blocks on Ninth, Tenth and Eleventh avenues are all blessed with twins. Pictured above are Mrs. Joe Miller, and her daughters Sherry Lynn and Sandra Kay, five weeks old, who live at 818 North Ninth avenue; Mrs. Thomas D. Bryant and her daughters, Jennifer Sue and Patti Lou, 14 days old, who reside at 825 North Tenth avenue; and Mrs. W. B. Klinger and her daughters, Kristine and Kathleen, four and one-half months of age, who live at 817 North Eleventh avenue.

Three Sets of Twins Born in Same Area

Superstitious expectant parents who live in the 800 block on any of Upland's avenues may have reason to get alarmed.

Three sets of twins have been born within the past four and one-half months to parents who reside in the 800 blocks of Ninth, Tenth and Eleventh avenues.

One in 85.2 births are twins, according to San Antonio Community hospital officials. The chances that three sets of twins would be born to three families in the three 800 blocks on three consecutive avenues in the same town of 11,000 population, some observers estimate, numbers at least 1 in 500,000.

Twins Jennifer Sue and Patti Lou were born to Mr. and Mrs. Thomas D. Bryant, 825 North Tenth avenue, 14 days ago at Pomona Valley hospital. Five weeks ago Mr. and Mrs. Joseph Miller, 818 North Ninth avenue, became the proud parents of twins Sherry Lynn and Sandra Kay. The three-block group of twins began four and a half months ago when Dr. and Mrs. W. B. Klinger, 817 North Eleventh avenue, became the parents of twins Kristine and Kathleen.

None of the twins were born at San Antonio Community hospital, two blocks away. The Miller and Klinger twins were born at the Ontario Community hospital.

Vandals Uproot Ducks; Owners Start Long Vigil

Mr. and Mrs. G. C. King, 337 West Arrow highway, are having duck trouble. Last week, —for the third time,—vandals pulled loose four ornamental cement ducks anchored in their front yard.

Because it had happened twice before, Mr. King rigged up a camera to take a picture of anyone who attempted to pull the ducks out of the ground. When the Kings awoke Friday morning, they again found their ornamental ducks pulled loose, but the camera had not snapped.

Reporting it to the police—for the third time—Mr. King said that he intends to keep a closer watch on his ducks night and day in hopes of catching the vandals in the act.

The ornaments were first pulled loose June 10, and again on June 26.

Mrs. Glenn Goforth, 1043 East Olive street, has returned home from San Antonio hospital after receiving medical care.

Counted on Sunday

2,329 Cars Use Foothill, Euclid In One Hour

Total of 2,329 automobiles was counted in the Euclid avenue-Foothill boulevard intersection during one hour at the peak of the early Sunday evening traffic as motorists returned to their homes following the long holiday week end.

This count, made for The Upland News, was conducted to determine the volume of traffic between 6 and 7 p.m. While the traffic might have been heavier at some earlier period, observers reported the flow continued steadily especially as motorists headed west.

Greatest number of cars to cross the famous intersection in any half minute green light period was 71. These cars were headed west. Total west-bound traffic during the hour was 847 cars.

South-bound traffic on Euclid included 629 cars and many of these motorists turned west on entering Foothill boulevard.

East-bound traffic also added to the total with 444 cars crossing the intersection from the west. North-bound traffic was recorded at 340.

The "activated" signals provide for a rotation in the movement of traffic in all directions. This mechanism gave plenty of time for motorists going north on the east side of the avenue. During one one-half minute period, only two cars were north bound on Euclid.

Average number of cars to use the intersection was 38.81, according to the checkers.

the intersection in this one-hour checking period was 38.81, according to the checkers.

Only 12 motorcycles were counted. Two of the vehicles were busses, 13 were trucks over half-busses, 13 were trucks over half-ton capacity in size and 42 autos pulled trailers.

Mr. and Mrs. David Seares and daughters, Sally Ann and Suzanne, have moved from 1500 West Thirteenth street, and are occupaying their recently acquired home at 655 North Mountain avenue, which they purchased from Mr. and Mrs. J. J. Nolan. The Nolans are now

Phone Co. Undecided About Location Of New Building Here

Officials of the General Telephone Co. are considering various factors before deciding on the location for its new Upland building or deciding whether to appeal to the city council for a change in decision as recently rendered by the Upland planning commission.

The commission has denied the company's request to allow the building being erected on the north side of West Foothill boulevard, 170 feet west of Euclid avenue. Possibility of appealing this decision is being studied, according to Henry T. Powell, local manager for the company.

Possibility of obtaining a a Foothill boulevard site east of Euclid is being considered but this is only one of several alternatives, according to officials.

Campus Freeway Route To Be Opened Monday

Campus avenue will be opened to north-south traffic Monday, following completion of the overpass bridge at the Ramona freeway route, it was announced yesterday by R. H. Meyer, assistant to H. J. Scott, resident engineer of the state bridge department. Campus has been closed since construction started last fall.

Sultana avenue will be closed Monday and construction will begin soon on its overpass. W. F. Maxwelf Construction Co., of Los Angeles is building both bridges, at a cost of nearly $100,000.

The freeway, passing along the boundry between Upland and Ontario goes over Central avenue, over Benson avenue, over Mountain avenue, under San Antonio avenue, under Euclid avenue, under Sultana avenue, and under Campus avenue.

205 Business Licenses Issued

More than 205 business licenses and 550 dog licenses have been issued since the new fiscal year began July 1, according to Mrs. Mildred Puckett, deputy license collector.

Most of the business licenses have consisted of renewals and were largely handled by mail, Mrs. Puckett said. Annual income from approximately 900 licenses last year was about $15,000.

First business license issued during the 1953-54 fiscal year was a renewal to Dr. Herman Baker, 156 D street. Among the first five were Glenn Musser's Cabinet shop, 1910 Huntington drive, and the 'Burger Junction', a hamburger shop on East Foothill boulevard.

More than $1560 has been received on about 550 city dog licenses since July 1. Total number of dog licenses issued last year numbered about 700, Mrs. Puckett explained.

Spending last week as guests of Mrs. Van Natta Gregg at her home, 1561 North Euclid avenue, were her son and daughter-in-law, Lt. and Mrs. John B. Gregg, and little daughters, Martha and Barbara, who came here from Fort Hood, Texas.

Mrs. Boone's Euclid Property Involved in Deal

Subject to a zone change approval, the 10 acres of land on the east side of Euclid avenue immediately north of the Ramona freeway is scheduled to be developed by construction of apartment houses and motels, according to a conditional transaction that was started yesterday.

Mrs. Mary E. Boone, long-time owner of the property, has signed a six months option for sale of the property. The option was given to Charles Milhiser and L. R. Litwiller.

An application for a zone change from residential to multiple family was filed late yesterday and the question is scheduled to be heard officially for the first time at the July 23 meeting of the Upland city planning commission.

Property involved extends from Euclid avenue east to Sultana avenue and from Seventh street to the Ramona freeway.

O. O. Boyd, Ontario realtor, agent for a state-wide organization of apartment-motels, is reported to be interested in obtaining a portion of the site for a proposed $200,000 development.

It is also known that representatives of a firm interested in constructing a large apartment house were here investigating this site.

Mr. Milhiser expressed assurance the property would be developed in accordance with high standards if the zone change is permitted. Since the site is adjacent to the freeway, he said interested financers are desirous of erecting multiple family projects, such as apartment houses and motels.

Mr. Milhiser is employed by The Empire Co., local insurance firm. Mr. Litwiller is a contractor and resides on Carolyn court, Ontario.

Minor Building In Permit Total

Additions and alterations feature the city building permit records this week, according to Building Inspector Richard Derby.

Dr. James V. Latimer, 361 Drake avenue, was given a permit for construction of a work shop. A. Christen, 1960 North Euclid avenue, was given a permit for construction of a poultry shed and poultry pens.

Martin Spon, 1249 Winston court, will add another bedroom and bath to his residence. Walter Hewitt, 489, West street, was issued a permit for an addition of one room to his residence.

Dolores Conrad, 1229 North Fifth avenue, will build a grape arbor and E. P. Green, 828 Fifth avenue, was given a permit for termite damage repairs.

Other permits issued recently include the following:

Elgin Miller, 780 North First avenue, new roof; Cucamonga Mesa Growers, 430 East Nineteenth street, storage shed; J. P. Brewer, 164 South Third avenue, carport; Judge Fred H. Jacobs, garage at 421 North Eighth avenue, and O. E. Hirschler, alterations to building occupied by Gillette Sheet Metal shop at First avenue and A street.

Uplander Killed As Jet Planes Collide in Sky

Lt. Edward H. Webster, 26 year old air force veteran, who had flown 100 missions in Korea, was killed Tuesday as a jet airplane instructor in flying over Las Vegas, Nevada. He was on a routine mission when his F-86 plane collided in the sky with another F-86.

His mother, Mrs. Harold D. Webster, 45 West Eighth street, Upland, was notified yesterday. His remains will arrive at the Richardson - Peterson mortuary this morning. Funeral arrangements have not been completed.

An older brother was killed in Korea in 1950 and the young man's father was an auto crash accident victim in 1947.

Tommy Webster, a brother, is home on leave with the air force, and a sister, Elizabeth Webster is a member of the women's division of the air force. Another is Mrs. Bill Rugg, the former Peggy Webster.

Lt. Webster returned from Korea in December after setting an outstanding record as a jet ace.

Lt. Webster was his sister's attendant when she and Mr. Rugg were married in May. Thomas Webster's wedding is scheduled for Saturday.

Chief Palmer Resumes Work After Illness

Upland Police Chief Ralph H. Palmer is expected to be back at his desk after a minor illness which has kept him confined to his bed since Friday.

He suddenly became ill while getting ready to leave for the police department Friday morning. On doctor's orders, he has been resting at his home.

Buck Makes First Contacts in Getting C Street Extended

First contacts have been made by Carl M. Buck in seeking to acquire the property needed for extension of C street from Third avenue.

Mrs. William Larkin, 344 Sixth avenue, said she had received an offer for her property but that no agreement had been reached. It is also known the Pacific Electric Railway Co. has been approached relative to the property needed to extend the street through to Campus avenue.

Prospective tenants to occupy the proposed business block have also been here to look over the property Mr. Buck is acquiring from the city. Approximately six acres will be used for the business development and for extension of the street.

Mayor Eugene G. Nisbet has signed the sales agreement whereby Mr. Buck pays $25,000 for the property and pays all costs for extension of the street.

Maurice Bailey, School Teacher, Is Injured in Crash

Maurice Bailey, fourth grade teacher at the Sierra Vista school, and Mrs. Bailey were seriously injured in an automobile accident and are patients in the Kern County hospital, Bakersfield, according to unofficial word received in the office of the Upland schools.

Mr. and Mrs. Bailey were enroute to Oregon for the summer. Superintendent Harold W. Cook contacted hospital attaches about their condition but no details of the accident were received.

James McCoy, is showing improvement in his condition after being confined to his home for nearly four weeks. He resides a 359 North Euclid avenue and serves as a zanjero for the San Antonio Water Co.

Zone Change Is Sought to Permit Construction

Stone Funeral home has selected its site for a new modern mortuary building and a public hearing on a zone change will be held by the Upland planning commission July 23.

E. Tweed Stone, head of the long-established funeral home here, said the new site is on the north side of Ninth street about midway between Palm and San Antonio avenues. Five acres of land have been purchased from Frank Gianette, 429 West Ninth street. While plans for the new mortuary building have been made, the actual construction will be delayed indefinitely. Only a portion of the property is needed for mortuary purposes and remainder of the property may be used for a family home and for other residential building.

Mr. Stone, who is a member of the city council, said he and Mrs. Stone had been considering a new location for some time due to the increasing problem of funeral processions crossing Euclid avenue in the face of fast traffic. The new location, just west of the Gianette home, will result in the route to the Belleveue cemetery not having to intersect with Euclid avenue.

Mr. Stone said that several interests have shown a desire to purchase the present funeral home property on East Ninth street but that no immediate transaction is comtemplated.

The first step in getting the new site ready for development is a change in the zone from agricultural. Mr. Stone asked the planning commision for a "commercial" zone restricted to mortuary use.

At one time the Stones contemplated erecting a new building just east of the present mortuary but the increasing traffic problem at Euclid avenue, resulted in a change in those plans.

An attractive mortuary building with adequate parking facilities and attractive landscaping is planned on the new site, according to Mr. Stone.

Everyone Thrilled In Finding Money

Two eleven-year-old boys are five dollars richer this week and Mrs. Munsey A. Blair, 7741 Valle Vista, Cucamonga, who lost her purse Thursday containing $1,312-.07 in endorsed checks and $6.02 in cash is happy over its return.

The boys, John Lawless, son of Mr. and Mrs. Frank Lawless, 8198 Tapia Via, and Gary Carlton, son of Mr. and Mrs. Edward Carlton, 8137 Tapia Via, were riding their bicycles along the 1300 block of east Ninth street when they found the purse in the street near the curb.

They turned it over to Mrs. J. M. Gamble, a nearby resident, who called police. The purse contained seven endorsed checks with an accompanying deposit slip, and the six dollars in cash. Personal identification cards contained in the purse enabled police to quickly locate the owner.

Thankful for its return, Mrs. Blair gratefully rewarded the two boys with five dollars apiece.

"I'm going to hold on to my money for a long time", young Lawless said. Both boys are Upland Little league baseball players. Gary plays for Horticultural Center and John is a member of the Owl-Lucky team.

"Gary isn't spending his money either", John said. . ."He's at boy scout camp."

BIG MONEY—Gary Carlton, left, and John Lawless, right, both 11 years of age, found a purse containing $1,318.09 while riding their bicycles along East Ninth street Thursday. They proudly display five dollar bills given to them by the thankful owner, Mrs. Munsey A. Blair, 7741 Valle Vista drive. "I'm going to hold on to my five dollars," John said.

Open Bids Tonight

Construction Of Sierra Vista To Be Started Soon

Construction of an addition to the Sierra Vista school building is scheduled to be started soon, providing bids to be opened tonight meet the estimates of the Upland board of education.

One kindergarten classroom and five regular classrooms will be erected in accordance with the plans. Toilets and a shelter are also included in the construction program. Harold W. Cook, Upland school superintendent, said a total of 8,341 square feet of floor space is included in the project.

Early start on the construction of a portion of the new West Eleventh street building is contemplated in the school board's proposed 1953-54 budget with $50,000 allocated for the capital outlay account.

Mr. Cook said the crowded conditions in the Elementary school are so acute classroom construction must be speeded up to meet the demands.

Western Mouldings Building is Occupied

Office personnel and some of the executives of the Western Mouldings & Stampings, Inc. have occupied the concern's new 40,000 square foot building here.

Production of orders for mouldings for cars and other items is going ahead at the Ontario plant and the local building will be occupied gradually as machinery can be moved here without interrupting the production schedule.

Howard Burleson, president, office personnel and supervisorial personnel are in the new building, East Eighth street and Eleventh avenue.

The new plant is one of the first major industrial buildings erected here in several years. It chose the Upland site for its enlarged operations and will vacate its Ontario location due to the limited space there.

Mr. Burleson is planning an open house so the public may see the industrial process. The open house will not be held until the occupancy here is complete and the production is on a streamlined basis.

Housing Unit Hit By Flames

Fire destroyed a $2,000 housing unit Monday morning at the Southern California Farmers association camp on Arrow highway before the Cucamonga fire department and the camp fire crew were able to save the structure.

Discovered by Lucio Quintero, living in the camp, the fire began in the kitchen according to firemen. The occupants, Mr. and Mrs. James Current, were at work when the blaze was discovered.

The Cucamonga department, led by Assistant Chief Arvid E. Lewis, and the camp fire department under Merle Whittaker were able to stop the fire before it spread to surrounding buildings.

Scouts Ready For Jamboree

Final arrangements are being made at the site of the National Boy Scout jamboree in preparation for the event at which more than 50,000 scouts from throughout the world, including 12 scouts and four leaders from this area will display scouting techniques. It will begin Wednesday and continue for eight days at Irvine ranch near Newport.

The scouts from this area will be among the 115 scouts from Old Baldy council attending the jamboree. Scouts from many European countries, Mexico, South America, the Philippines, and other countries will display techniques of scouting in their homeland.

The boys will dress in short-legged trousers and short-sleeved shirts and put on displays of cooking, use of the compass, fire-making, first aid, and other scout activities. A 10-acre area is available for use of the public.

An estimated 200,000 to 300,000 people are expected to visit the grounds and see the various activities planned during the jamboree, according to scout officials.

Scouts will be given cooking utensils and food and will camp out and do their own cooking.

Local scout leaders who are planning to attend the event are Clayton Huddleston, scoutmaster of Upland Troop 1; Jack Hansen, leader of Cucamonga Troop 1, John Frost, Etiwanda council member; and Milton Wilson, Mount Baldy scoutmaster.

Scouts from the district who will attend the Jamboree are Kent Mount, Larry Bartlett, Jerry Bartlett, Gary Thrall, John Andreas, Michael Hanamura, Upland; Tom Stoebe and Robert Kilmurray of Alta Loma; and James Hansen, Larry Hirschler, and Bruno Pilone of Cucamonga. Explorer scout Jay Henion will also take part.

Major Flynn Is Recalled To Duty

Major Alfred I. Flynn, 526 Mountain avenue, has been recalled to active duty in the U. S. Air Force, and he and Mrs. Flynn and their two sons, Jeff and Brian are leaving next week for Williams Air Force Base, Chandler, Arizona, where Major Flynn will be stationed.

He is a veteran of World War II serving in the Pacific theater of war.

The Flynn family has lived in Upland for the past six years, and in addition to his citrus ranch, Major Flynn has been employed by the Pacific Airmotive corporation in Ontario.

PRESBYTERIAN WOMEN

Instead of their usual luncheon meeting, members of the Women's association of the First Presbyterian church will enjoy a tea this afternoon at 2:30 o'clock in the church social hall, according to the president, Mrs. Kent W. Fuller. The program will include a review of the book, "Bridge to Africa", to be given by Mrs. Daniel B. Milliken.

Car Hit by BB's; Youngster Warned

A five-year-old child, owner of a BB-gun, was warned to be more careful, after the car of Jack S. Isom, 396 South Third avenue, was shot while he drove along Washington boulevard Tuesday morning.

Driving west between Ninth and Tenth avenues, Mr. Isom heard a pinging noise and looked back to discover a dime - sized piece of glass clipped from his right rear window.

Police later investigated all owners of BB-guns in that area on Washington boulevard and issued a warning to parents of a five-year-old child who had been shooting his gun the same morning.

Mr. and Mrs. Paul M. Young, 380 West Twenty - fifth street, have returned home after an outing of several days at Laguna Beach.

Sightseers Use Baldy Ski Lift

Approximately 600 sightseers and hikers have been using the Mt. Baldy Ski lift during recent weekends, according to Herb Leffler, general manager. The lift is open from 9 a.m. to 7 p.m. Saturdays and Sundays during the summer months.

The 18-minute ride on the lift from the foot of the mountain a short distance north of Snow Crest is a popular adventure for many sightseers. A lodge at the top of Baldy Notch serves sandwiches and soft drinks and provides a clear view of the valley below. Many ride the lift before hiking on to the top of Mt. Baldy.

Charge for the ski lift ride is $1.00 for adults and 50 cents for children.

Water Heater Stolen From Parkside Unit

A water heater, valued at $20, was stolen from an unoccupied Parkside housing project unit, Elmer Coonce, Apt. 15, Upland Inn, reported to police Tuesday.

The burglars pried open a door and removed the heater from unit 6264, police records said.

Marjorie Jennings and Carl Barwise Exchange Vows in Home Ceremony

Miss Marjorie Dee Jennings became the bride of Carl Leroy Barwise, son of Mr. and Mrs. William Barwise, 1046 East California boulevard, Ontario, in a simple wedding last Thursday evening at the home of her parents, Mr. and Mrs. Lee Jennings, 1803 East Arrow highway.

About 30 relatives and close friends witnessed the double-ring ceremony performed by the Rev. R. L. Rhodes of Fontana. Arrangements of gladioli in pastel shades formed a background for the bridal party.

The bride, who was given in marriage by her father, was attractive in a ballerina-length dress of white nylon over taffeta, fashioned with fitted bodice with rolled collar, and a full skirt. A headpiece of lilies of the valley completed her costume. She carried a colonial bouquet of white carnations and gardenias.

Attending the bride as matron of honor was Mrs. Lane Stonecipher, who wore a yellow organdy dress and carried a bouquet of yellow carnations circled with lavender carnations.

Raymond Dybsand was best man for the bridegroom.

The bride's mother wore a dress of aqua lace, accented by a corsage of pink carnations, while the mother of the bridegroom chose a blue linen dress with pink carnation corsage.

Following the ceremony, some 50 guests attended the reception in the patio. After the bridal couple had cut the first slice of the three-tiered cake, according to custom, Mrs. G. T. Byars of Ontario, sister of the bride, and Mrs. William Byars of Ontario, cut and served the cake. Mrs. James Felsinger, sister of the bridegroom, presided at the punch bowl, and another sister, Miss Shirley Barwise, had charge of the guest book.

The newlyweds enjoyed a short honeymoon at Big Bear, and now are at home to their friends at 893 Fourth avenue.

The new Mrs. Barwise was a member of the 1953 graduating class at Chaffey high school. Her husband attended Chaffey high school, and now is engaged in agricultural work.

Mr. and Mrs. Norby Plant of Kansas City, Mo., uncle and aunt of the bride, and Mr. and Mrs. William Barwise of Sacramento were out-of-town guests at the wedding.

Judith Brest To Be Bride Of G. P. Thacker

Mr. and Mrs. G. Darwin Brest, 551 North Campus avenue, are announcing the engagement and approaching marriage of their daughter, Judith Gail, to Garland Pat Thacker, son of Mr. and Mrs. Earl M. Williams, 263 West Seventh street.

Friday, July 31, has been set by the young couple as their wedding date.

The bride-elect was a member of the 1953 Chaffey high school graduating class, and now is employed by the Pacific Telephone and Telegraph company in Pomona.

Her fiance, a graduate of Chaffey high school, has just completed his basic training with the U..S Army at Fort Ord.

Double Ring Wedding Rites Unite Hazel Waterman and Douglas Allen

When they return from a honeymoon motor trip to the northern part of the state, Mr. and Mrs. Walter Douglas Allen will be at home to their friends at 295 South Second avenue.

Their marriage was solemnized last Wednesday evening in the Upland Methodist church, with only immediate relatives in attendance. Dr. Ralph W. Lee, pastor, read the double-ring rites at 8:15 o'clock. Baskets of white gladioli decorated the chancel for the occasion.

The bride is the former Mrs. Hazel D. Waterman and is the daughter of Mr. and Mrs. W. C. Emmons, 313 North Virginia avenue, Ontario. The bridegroom's parents are Mr. and Mrs. Walter E. Allen, 279 South Euclid avenue.

Given in marriage by her father, the bride was attractively attired in a navy blue silk shantung suit dress, with pink hat and accessories. She carried a spray of white carnations on a white Bible.

The bride's only attendant was her daughter, Miss Mary Jane Waterman, who wore a coat dress of beige faille, with navy blue accessories, and a corsage of red rosebuds.

Dalewood Mitchell of Laguna Beach served his brother-in-law as best man.

The new Mrs. Allen is a graduate of Chaffey high school, and is employed at the Owl-Lucky Star market in Ontario.

The bridegroom, who is associated with his father in the Upland Transfer and Storage company, served with the U. S. Army for five years, with overseas duty. He is a graduate of Chaffey high school and Chaffey college.

Shown aboye are Mr. and Mrs. Charles Richard Nichols following their wedding June 28 at the Firsh Christian church of Ontario. The bride is the former Kathleen Collier, and is the daughter of Mr. and Mrs. Ralph Collier, 438 South Campus avenue. The bridegroom's parents are Mr. and Mrs. C. H. Nichols, 1584 North Mountain avenue.

Upland Sirens Enjoy Meeting At Owen Home

An Independence Day theme was carried out in the monthly meeting of the Upland Sirens Tuesday evening at the home of Mrs. Waldo Owen, 934 Sycamore court. Mrs. Al Tartaglia assisted as co-hostess.

Mrs. Howard C. Paulin, parliamentarian, presided in the absence of the president, Mrs. John Wessely, who is ill. The group voted to send her a gift and a shower of cards.

Gifts were presented to Mrs. Paulin, Mrs. Ralph H. Palmer, Mrs. Richard Carr and Mrs. Harlan Jackson, all of whom have birthday anniversaries in July. Recognition was also given to Mrs. Paulin, Mrs. McCarthy and Mrs. Owen, who have wedding anniversaries this month.

Several games were enjoyed, and prizes were awarded to Mrs. Bill Smith, Mrs. Vern Colvin, and Mrs. McCarthy.

Others present were Mrs. E. E. Carter and Mrs. Ted Atwood.

Stulls Receive Friends on 50th Anniversary

Despite the hot weather, nearly 100 friends called on Mr. and Mrs. Albert H. Stull last Thursday afternoon at their home, 315 North Sixth avenue, to congratulate them on their golden wedding anniversary and to wish them continued happiness.

Many beautiful flowers, gifts from friends, decorated the rooms. Fifty yellow and gold carnations and gladioli made up a piece given by Mrs. Stull's sister, Mrs. M. J. Terpstra of Ontario.

Yellow gladioli and dahlias decorated the table where punch and cake were served.

Among those assisting at the reception were Mr. Stull's cousin, Mrs. Marjorie Guthrie of Chula Vista; and the Mesdames J. Arthur Betz, James Wallace, U. S. Standlea, James A. Dinger, Ralph H. Marr and Sherman S. Parmenter, all long-time friends and also members of the Woman's Society of Christian Service of the Upland Methodist church, of which Mrs. Stull has long been an active member.

Mr. and Mrs. Stull were married July 2, 1903, in White Pigeon, Michigan. They came to California in November, 1920.

40-Acre Site Picked for Big Grape Festival

A "bigger and better" Cucamonga Wine and Grape festival is being planned for Sept. 11, 12, and 13, now that a 40-acre site has been obtained at the southeast corner of Archibald avenue and Foothill boulevard, according to Herbert Hall, publicity chairman.

Featuring more booths, more entertainment, and increased emphasis on the grape industry in Guasti, Etiwanda, Cucamonga, and Alta Loma, the festival is planned to exceed all previous years.

Abundant parking space will be available with entrance to the ground to be on Ramona avenue. A carnival, Ritter's Shows, will occupy the east end of the plot, with food booths on the west, a stage on the south, and exhibits and displays in the center of the area, Mr. Hall said.

Among the entertainment and special displays will be a three-day amateur talent contest, and a display of hot-rods and ancient cars. According to Mr. Hall, an attempt will be made to obtain more commercial displays representing several industries.

Selections of candidates for Festival queen will begin in the near future, with service clubs and other organizations in Guasti, Etiwanda, Cucamonga and Alta Loma naming their candidates. The queen will be selected by vote at the festival, with further details to be announced later. The traditional kiddies parade will be held Saturday morning, Sept. 12.

Plans were made at a meeting of the festival committee and other interested persons Monday night at the Service club rooms in Cucamonga. Those attending were: Leslie Foster; R. E. Browne, coordinator; Paul Adams, plot layout; James Osborne, entertainment, program; Steve De Ambrogio, grounds; Asger Ravn, Ernest Mehl, advertising; Frank Valli, parking; Herbert Hall, publicity; Merle Whittaker, and Arvid Lewis.

Next meeting will be held July 20.

Central Market In Seventh Anniversary

Seventh anniversary of the Central market is being observed this week.

Harold Spiegel and Joe Marks, proprietors, are observing the occasion with a special sale at their store. They have characterized their service in Upland as "very enjoyable and profitable."

Oranges Down As Lemons Gain

The impact of increasingly heavy arrivals of deciduous fruits, melons and berries, plus a lower trend on small size Southern California valencias resulted in a price decline on oranges during the week. Medium to large size valencias continued to bring good prices but the lower values on the more abundant small sizes pulled average prices down to the level of $3.70 a box f. o. b., 30 cents less than last week.

A generally strong demand continued to prevail for California lemons during the week. For the third consecutive week, prices showed a substantial advance to about $7.85 a box f. o. b., 35 cents higher than last week. Sales declined some 60 cars.

Soap Box Derby Boys Are Ready

Five local boys will enter the first phase of Soap Box derby competition in San Bernardino Saturday when they compete with more than 100 other drivers in home-made cars for the chance to represent this area in the National contest and compete for first prize of a $5,000 college scholarship.

The young car builders-and-drivers took their racers to San Bernardino last night for inspection and display at the San Bernardino civic auditorium. Following the inspection, the boys now have time to make adjustments necessary for the race Saturday.

The entrants will race in two classes; Class A, age 13-15, inclusive, and class B, age 11-12 ,inclusive. Winners in each class at the San Bernardino race will be sent to Akron, Ohio for the All-American Soap Box derby race on August 9.

The racers were built entirely by the boys themselves and gross weight of the car and driver is limited to 250 lbs.

Included among the top ten prizes to be awarded at the Akron race will be $4,000, $3,000, $2,000, and $1,000 college scholarships, movie projector, and television set.

Entering in class A will be Raymond Buckwalter, 15, son of Mr. and Mrs. Amos Buckwalter, 953 West Arrow highway, and Curtis Nissly, 13, son of Mr. and Mrs. Levi C. Nissly, 665 North San Antonio avenue.

The following three eleven-year-old boys will enter in class B: Donovan Nissly, brother of Curtis; Donald Johnson, son of Mr. and Mrs. Hanford Johnson, 890 Washington boulevard; and Gary Carlton, son of Mr. and Mrs Edwin O. Carlton, 1619 Tapia Via, Cucamonga.

Public Invited To Ice Cream Social

The Homecrafters class of the First Christian church of Ontario is inviting the public to an ice cream social to be held Friday evening at the home of Mr. and Mrs. Porter Hackley, 822 North Euclid avenue, Ontario.

The entire proceeds will go to the building fund.

Cucamonga District Lions Invite Public To Barbecue July 19

Alta Loma - Cucamonga Lions are anticipating 300 hungry people at their public barbecue from 4 to 7 p. m. Sunday July 19, at the Alta Loma community park, Baseline street and Hellman avenue.

Extending from 4 p. m. to 7 p. m., the barbecue is put on for the benefit of the community park, according to Herbert Hall. Cost for a complete beef or pork dinner is $1.75 for adults and .75 for children.

Stuart Hamblen To Be At Youth For Christ Program

Stuart Hamblen, cowboy singer and composer, will appear in the Greek theater, Pomona, at 7:30 p. m. Saturday under the auspices of the Ontario-Pomona valley Youth for Christ.

Mrs. Stuart Hamblen will also be present Saturday to participate in the program.

Jay Rowberry Is New Upland Fireman

Jay Rowberry is a new member of the Upland Fire department, filling a vacancy caused by the recent resignation of Ted Atwood. Mr. Rowberry resigned as manager of the local Cornet store to accept temporary appointment as member of the department.

He will serve on a probationary basis for six months. On a recent examination he became eligible for appointment to the department. With his wife he resides at 899 Eleventh avenue.

Communion Service For Christian Scientists

Semi-annual Communion will be celebrated in the Ontario Christian Science church at the 11 o'clock service Sunday morning. The subject of the lesson-sermon will be "Sacrament."

Paul's counsel, "Let us keep the feast, not with old leaven, neither withe the leaven of malice and wickedness; but with the unleavened bread of sincerity and truth." is the golden text.

New City Budget To Get Study

Details of the city's proposed budget for 1953-54 will be presented to the finance committee of the Upland city council this week by City Manager Richard G. Manley.

He has received from the department heads requests for necessary expenditures.

Other than a request for a 10 per cent pay increase, no indication has been given as to the possibility of how the estimated expenditures may compare with the budget for the year just ended.

The department heads in general, however, are requesting necessary funds to keep their activities in keeping with the growth of the community.

Pack 1 Cubs Receive Awards At Park Picnic

More than a hundred families, friends and cub scouts of Upland's PTA-sponsored Cub Scout Pack 1 gathered in Upland Memorial park for a combined pack meeting, picnic, and skating party recently.

Dr. Lyle Callow and Herbert Holt shared the duties of the cubmaster, as they will do for the remainder of the summer, and Harry Reading distributed the cub scouting awards to those boys who earned them during the past month.

Awards were as follows:

Den 1, Mrs. R. A. Burleson, den mother—Bobby Burleson earned a Bear badge, a gold Bear arrow, and a silver Bear arrow, and David Callow earned two silver Wolf arrows.

Den 2, Mrs. Richard S. Campbell, den mother—Tommy Barr earned a silver Lion arrow, Larry Bentley a silver Lion arrow, Dick Campbell a gold Wolf arrow, Don Fields a gold Bear arrow, Tommy Harmon a silver Bear arrow, Jay Paulin a silver Wolf arrow, and Mike Zimmerman a gold Bear arrow.

Den 5, Mrs. Herbert Holt, den mother—Paul McIntosh earned a Wolf badge.

Den 6, Mrs. Fred Perry and Mrs. William Ryan, den mothers—Richard Gardner earned a Wolf badge, and Freddie Perry a silver Wolf arrow.

Den 7, Mrs. Carl Chisholm, den mother—Richie Chisholm earned a Wolf badge and a gold Wolf arrow, Bobby Evans earned a Wolf badge and Ronald Saltgraver a Bear badge and a gold Bear arrow.

Den 8, Mrs. M. Hawkins, den mother—Richard Eyer earned a gold Wolf arrow, Tony Niilus a gold Wolf arrow and a silver Wolf arrow, and Ray Pawlowski a silver Wolf arrow.

Film Shown To Exchange Club

Following their regular dinner Tuesday evening at Sycamore Inn, members of the Exchange club viewed an educational motion picture on United Air lines.

A report of the last meeting of the board of control was given by Harold Atchison.

President Max Hawkins presided over the meeting, and Ralph Colonna was program chairman.

Rotarians See Colored Slides

Pierre Woodman of Ontario, an active member of the Euclid avenue Camera club, entertained members of the Upland Rotary club at their luncheon meeting Wednesday, showing colored slides of scenic spots taken on vacation trips.

He was presented by Ralph H. Miller, program chairman. President Robert Hickcox presided over the meeting.

Speaker for next week's meeting will be Kenneth C. Horrall, of the investors service department of J. A. Hogle and Company of Los Angeles, who will have for his subject, "What Course Now for the Security Investor?"

Lie Detector Is Widely Used

The lie detector, in use by the Upland police department, has proven to be of valuable aid in solving many cases, both for the local department and other nearby police agencies, which have brought suspects here for testing, according to Police Chief Ralph H. Palmer.

Obtained for the department by the police reserve organization, two years ago at a cost of about $200, the instrument, technically called a "psychogalvonometer", has proven to be 90 per cent accurate, according to Mr. Palmer.

The instrument has been used in testing suspects for Fontana, Claremont, La Habra, and other nearby police departments.

Operated by Chief Palmer, Lt. John Wessely, Sgt. Harland Jackson, Sgt. Fred Strohte, and Henry Younge, former Upland police captain, now Fontana police chief—the lie detector has been used for many local demonstrations to service clubs and Chaffey psychology classes—as well as actual use in solving crime.

The machine is especially valuable in eliminating persons suspected of a crime and saves both the time of innocent persons and the police.

Under intensive questioning, the subject unconsciously reacts to whether or not he is telling the truth, and the machine, connected to perspiration glands in the skin, instantly indicates the slightest emotional upset.

Wulf Leads In Lions' Defeat

Exchange won over the Lions, 8-1, on little Doug Wulf's two hitter Monday night as Horticultural Center knocked aside Owl Lucky Star in the final game 5-2.

Joe Kelley knocked in Doug Bartlett in the first inning as the Lions took a temporary lead of 1-0. Exchange, however, slapped across two tallies in the bottom of the first inning on hits by F. Vasquez, Wulf, J. Vasquez and Miller.

Wulf, while holding his foes to only two bingles also led his team at the plate with two hits in three at bats.

In the finale, Horticultural pecked away at Owl Lucky Star pitcher Guerro for four runs in the first inning on singles by Maxie, Jiminez, Evans, and Cyphers. All turned into scores. Owl racked up their only runs in the first and the sixth innings.

Don Terrell Heads Batters With 650 Little League Mark

Three members of the Lions club team and two of the Rotary team are tops in the batting standings in the Little league activity.

Don Terrell has the high total of 650 in the batting average with Tommy Boswell, Lions and Jimmy Davis, Rotary, tied, at 600 for second place.

Garty Martinez, Rotary, at 500 and Snyder, ofthe Lions, has a percentage of 470 as the fifth ranking batter in the league.

Tennis Players Vie for Honors; Youths Busy

Young Upland and Ontario tennis stars will play their final matches Friday in the combined Upland-Ontario recreational tennis tournament.

The tournament, under direction of Al Colebank, recreation program supervisor, has been played Monday, Wednesday and Friday evenings from 6:30 to 10 p.m. on the Chaffey College courts.

Following Monday evening's play, Paul Skvarna of Upland is leading the 12 other players in the round-robin singles tournament.

The other Upland players, Wes Smiley and Carl Skvarna hold positions of third and fifth, respectively, in the tournament.

Activities in the Upland summer recreation program at the junior high school have been limited largely this year to children above seven years of age, according to Truck Lindsey, in charge of both Upland and Ontario recreation programs.

More names have been added to the minor league baseball roster and the gym, woodshop, and handicraft class activities continue to be popular.

All Star Players To Be Picked Soon

Fourteen of the best baseball players in the Upland Little league will be selected to represent Upland in the all-star playoffs beginning July 29. Managers and coaches of all the local teams will meet soon and select the best group to play for Southern California and national honors in the widely heralded little league tournaments.

Winner of the Southern California event will play for national honors.

Upland, two teams from Arcadia and one team from Sunnyslope, a community near Arcadia, have been placed in group "A" for the first round in the playoffs. Three games will be played beginning July 29. Ontario and Pomona teams are in group "B" and winners of "A" and "B" will play for regional honors at San Bernardino beginning Aug. 7. Zone winners will meet in Santa Monica in a tournament beginning Aug. 12.

Upland's 14 top players will be the best ever to represent this area in an all-star series, according to observers. Batters, fielders and pitchers are more developed than have been the pick of players in the past, local officials report.

Joint Services At Methodist Church

The Sacrament of Holy Communion will be administered at the 11 o'clock service Sunday morning at the Upland Methodist church when the Presbyterians will join the Methodists in worship.

"In Remembrance of Me" is the theme of the communion meditation to be given by Dr. Ralph W. Lee, pastor. Music will include an anthem, "Lord, in Thy Presence" by the Cathedral choir.

For the 7 o'clock evening service, Dr. Lee will speak on "Doubt Diversified With Love".

The weekly Bible study hour will be held Wednesday at 7 p.m.

Half Way Mark Reached in New Nazarene Church

First unit of the Nazarene church's new structure on the southeast corner of east Ninth street and Palm avenue is "over half completed", according to the Rev. William E. Thompson, pastor. All of the construction work on the church is being done by donated labor.

The structure will consist of three units at a total cost of about $250,000 and will be completed in various stages during the next 10 years, Rev. Thompson said. More than $20,000 has been spent on the $37,000 Fellowship hall unit, which is expected to be ready for use by late summer.

All construction costs and buying of the land an dmaterials are being handled on a cash basis, Rev. Thompson explained. More than 60 men in the church have been donating their time and teams of 12 to 20 men work Thursday evenings and Saturdays on the construction.

The first unit will consist of an auditorium, seating 350, an office, lounge, pastor's study, baptistry, a kitchen, and a boys' workshop. Other units planned for the future are a classroom building, to cost from $55,000 to $85,000; and a sanctuary building costing about $125,000.

The present Nazarene church building and lot at Ninth street and Third avenue will be announced for sale shortly, Rev. Thompson said. Church activities will be moved from the old church building it is hoped within a year, the pastor said.

Vernon K. Sheets and Rev Thompson are in charge of construction. Among those donating their time in the project are Oren Decker, Orville Sheets, Warren Sheets, Wally Waters, Harvey Halstead, Pat Triplett, Dave Corlett, Chester Dexter, and John Horsch.

Numerous women in the church have been cooking a group dinner at the site for the Thursday evening work crew. Louis S. Gamble, Long Beach, is the architect. Allen T. Mitchell and Son have supervised plumbing installation, and Hamilton Electric Co., began the electric wiring installation.

Episcopalians Combine Services

During the month of July, Christ Episcopal church of Ontario and St. Mark's Episcopal church of Upland are combining Sunday services, starting with holy Communion at 8 a.m. at the Ontario church.

At 10 o'clock morning prayer will be held at St. Mark's church, with a sermon by the rector, the Rev. Joseph A. Erickson.

During the summer, church school is also held at 10 o'clock.

Methodist Bible School Opens

Many Upland youths are expected to participate in the varied program at the Upland Methodist church Daily Vacation Bible school opening Monday morning. It will continue two weeks with Mrs. William Gilliland as dean.

A large staff of teachers has been engaged to conduct a lively program of crafts, stories, games, and Bible study, Mrs. Gilliland said.

All children from 4 to 14 years of age are invited to attend the sessions from 9 a.m. to 11:30 a.m., Monday through Friday. Registration will open at 8:30 a.m. Monday.

Services At Upland Church of Nazarene

Sunday services at the Upland First Church of the Nazarene will open with church school at 9:45 a.m.

The morning worship service is at 10:50 o'clock, and the sermon of the pastor, the Rev. William E. Thompson, will be a continuation of his previous message on "Intereession".

Mennonite Pastor To Arrive Soon

The Rev. Paul Goerging, who has accepted the pastorate of the First Mennonite church of Upland, and Mrs. Goering are motoring to California from Connecticut stopping for visits along the way. They are expected to arrive in Upland next week, and the parsonage has been made ready for their occupancy.

For the past several Sundays, the Rev. Rial D. Stump has been substituting as preacher.

Dr. Wenger Reelected Head of Church Official Board

Dr. Earl L. Wenger was reelected chairman and C. Ernest Olson was named vice chairman of the official board of the Upland Methodist church, the organization meeting being held in Memorial park Tuesday night. A potluck dinner preceded the meeting. Mrs. Mary Doyle was reelected secretary.

New members of the board were introduced by Dr. Ralph W. Lee, minister. Various commission chairmen gave reports. It was announced that Francis Shaw had accepted chairmanship of the finance committee. Mrs. C. Y. Buckey will be financial secretary, succeeding James E. Goodban. More than 70 people were in attendance.

Will Show Film at Brethren Church Sunday Evening

"The Results of Pentecost" is the sermon topic announced by the Rev. Alvin C. Burkholder, pastor, for the 10:45 o'clock worship service Sunday morning at the Upland Brethren in Christ church.

For the 7:30 o'clock service in the evening, a film, "Call of the Navajo", will be presented. This picture was taken in the immediate area of the Brethren in Christ Navajo mission near Farmington, New Mexico.

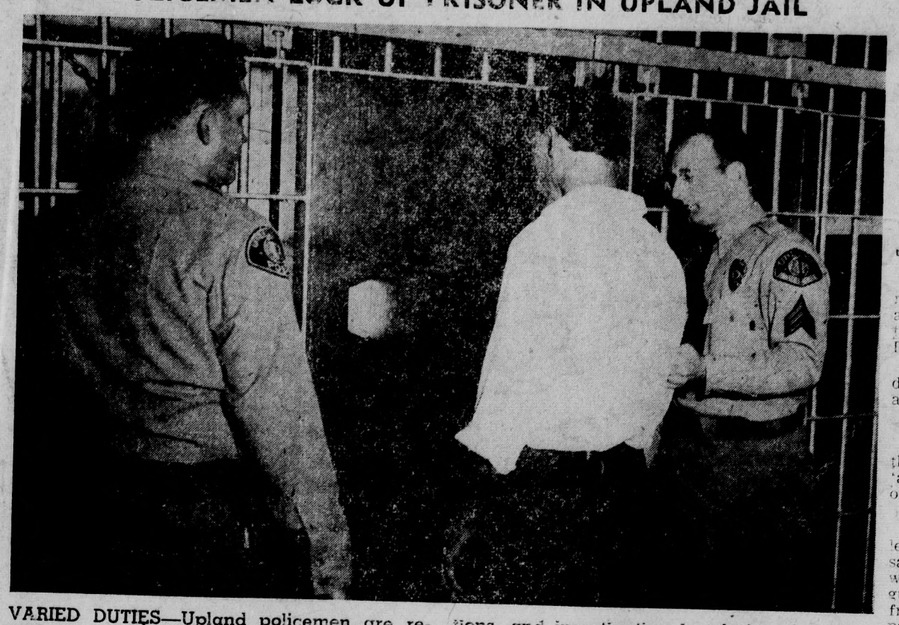
POLICEMEN LOCK UP PRISONER IN UPLAND JAIL



VARIED DUTIES—Upland policemen are required to perform varied duties which include escorting prisoners to cell, issuing traffic citations, and investigating burglaries and other crimes. Patrolman Tom Davis and Sergeant Fred Strohte, above, escort prisoner to a cell.

Police Work Is Varied

728 Prisoners Confined In Jail In Year

Police protection cost every man, woman, and child in Upland about $7.60 this year, according to figures released by Police Chief Ralph H. Palmer.

One of the best-equipped police departments for a town of 11,000 and among the best in the state, the Upland department has long taken pride in being a model for other police agencies.

Violence Lacking

"We don't have near the violence we used to," Chief Palmer said, pointing to a case on his wall, containing scores of knives, guns and other weapons taken from prisoners throughout the past 20 years.

"However, the number of thefts, burglaries, and minor cases has greatly increased," he explained.

"Years ago we used to have stabbings many times on Saturday nights," Chief Palmer stated. Police services to the community have increased and the violence has decreased, he pointed out.

A total of 723 prisoners occupied the Upland jail this year compared to 435 the preceding year. This increased activity has been handled with the same 14 man force the department had three years ago, Mr. Palmer said.

Other figures point out the increased police activity between 1951-52 and 1952-53: criminal arrests, this year 271, last year 233; traffic citations this year 4,954, last year 4,088; crimes and offenses reported, this year 706, last year 402; offenses cleared by investigation, etc., this year 627, last year 314.

No Radio Then

Looking back on earlier years, Chief Palmer recalled when a system of red marker lights served as the police communication system, compared to the modern radio system of today.

"Patrolmen on foot or in cars had to watch for red indicator lights, which signalled them to return to the station," Chief Palmer said. "Later, the cars had only one-way radios, and we called the Pomona police station by phone and they radioed our cars."

All police and sheriff's stations and cars in the county operate on the same radio frequency and can directly communicate with each other. This greatly facilitates joint operation and cooperation among all the police agencies in this area, Mr. Palmer explained.

The local department works in close cooperation with the F. B. I. Ballistics tests, fingerprint identification, and lab studies are sent to crime laboratories in Los Angeles, San Bernardino, or Sacramento when necessary, the chief explained.

Personnel Listed

Sergeant Everett Carter, in charge of traffic patrol will retire soon after 28 years of duty with the Upland department. He has served 19 years without a day off because of sickness, Mr. Palmer said.

Lieutenant John Wessely, who serves as assistant police chief, joined the department in 1946 as a patrolman, and later served as a sergeant before taking a compet-

Upland Park Is Popular Summer Resting Spot

Summertime finds Upland Memorial park a popular place both with hundreds of local people and scores of tourists each week According to Emilio Valadez, who works with two other men maintaining the park, as many as 1,500 people use the park on Sundays in the summer.

"From 25 to 30 tourists stop and rest or eat at the park each day," Mr. Valadez said. He is assisted in maintaining the park by Salvador Marquez and Joe Flores.

The three men spend a total of 134 hours each week mowing lawns, watering, cleaning around trees, cleaning the rest rooms and other maintenance activities.

In addition to the tourists each day, hundreds of local people, especially from the nearby housing projects use the park for rest and recreation.

"We've had as many as 900 or 1,000 people in the park on Saturdays," Mr. Valadez said. find the tourists much more ca ful in picking up their messe he added. He emphasized th local people should be more co siderate in picking up after the selves.

Joe Flores, assisting Mr. Va adez, waters the lawn during t evenings. Local people use t park until 10 p.m. when the ligh are turned off.

"The summer baseball gam and recreation program bring mo of the local people to the par especially during the evenings Mr. Valadez said.

Salaries paid to the three me who maintain the 44-acre pa amount to about $420 each mont in addition to costs of water a electricity.

Police Patrol City While Uplanders Sleep

By Abbott Paine

While Uplanders sleep every night, a small crew of alert, able policemen maintain an unceasing vigil throughout the town helping maintain local safety and security.

What does the average Upland policeman do in an evening and how does he feel about his work, in dealing with all types of people in all types of situations?

Curious about police activity during an evening's patrolling on an "average" Saturday night, we rode in Upland police "Car 161" with Sgt. Fred Strohte and Patrolman Bill Smith to watch and observe.

"Saturday night is the busiest night. We usually have several accidents," said Sgt. Strohte as he drove out of the police station.

9:15—Officers Strohte and Smith investigated an automobile accident on east Foothill which had occured earlier.

Any motorist knows the scene—red flares, several curious bystanders, smashed cars, tow truck, and —policemen. This was just another of Upland's minor traffice collisions.

Before the evening was over, this accident was in the police files as "case 122-53", meaning the 122nd traffic collision in the city during 1953.

9:45—Checked doors at Rugg Lumber Co. office and warehouse.

9:55—Checked more doors on Euclid avenue and A street.

10 p. m.—Checked doors at Ellery Wright's garage on East Ninth street. Sgt. Strohte got out and examined doors and windows, using flashlight, while officer Smith sat in the car and,using the car spot-light, looked over the whole building.

As the police car patrolled during the night, the radio intermittently crackled and messages were heard between other cars and police stations throughout the county. The officers explained that all police stations and cars, including the county sheriff's de-

"Station one to car four", a ra crackled. "A speeding car and iler just passed San Bernardino y limits. See if you can enter ot," the voice said. Each sta n and all police cars in the unty are individually identified er the radio by call letters, they plained.

"When Fontana, or Ontario example need help in any sit tion, they call directly over the dio and all of our cars can hear," t. Strohte explained.

10:18—The officers found a or open at Hill's Kaiser-Frazer low room at Third avene and Ar w highway. They radioed the lice station and Mr. Hill was tified by telephone.

11:00—officers saw a car speed g south on Euclid and chased

Before they could check the iver's speed, he had slowed wn at the Ramona overpass nstruction.

"I know that the driver was eeding, but we weren't able to t a clock on him, so I won't op him," Sgt. Strohte said. We aren't unreasonable. If a rson is really driving reckless- don't hesitate to stop him."

"We can usually spot a drunk a very tired driver a long way ff," Sgt. Strohte said. "He's sually either hugging the white ne or curb, driving rather slow, nd weaving a little," he chuckled.

11:43—The Officers picked up gt. Waldo Owen, at his home, 34 Sycamore court, who was ready to begin his shift, working until 8 a. m.

"Has it been quiet tonight Fred?", Sgt. Owen asked Officer Strohte.

"Oh,—we've been a little busy —three accidents tonight. We had one, . .the other car had two,' Sgt. Strohte replied.

And so it goes. . . .while Upland sleeps, patrolmen in cars and on foot are constantly looking and checking.

Floor Space For Pharmacy Increased

Sales space at the Upland pharmacy has been increased in alterations recently completed.

The wall at the rear of the sales space has been extended back about 20 feet to provide much additional space for shelves and display area.

W. E. Silverthorne became owner of the store a year ago and the increased floor space was required to better serve local people, he said.

Police Have Varied Work

itive examination for lieutenant.

Felix Quesada, patrolman first class, has been with the department eight years. Sergeant Waldo Owen, in charge of the graveyard shift, joined the department nearly eight years ago.

Other members of the department are: Fred Strohte, desk sergeant; Sergeant Harland Jackson, in charge of swing shift patrol officers; Patrolmen John McCarthy, Bill Smith, Richard Carr, Cecil Derr, Tom Davis, V. L. Colvin, and Ian Richardson.

Training Required

"It takes from two to four years to train a competeent officer," Chief Palmer said. All beginning officers are on probation for a year and work with older officers. "We encourage all the officers to attend as many police schools as possible, especially those put on by the F.B.I.", he stated.

Patrolmen start at a salary of $270 per month and may receive, at the end of 18 months, 0315 as first class patrolmen. Sergeants receive $336, lieutenant $357, captain $378, and Chief Palmer receives $446 per month.

The police department cost the city of Upland approximately $85,000 during the 1952-53 fiscal year.

The police equipment includes four patrol cars completely equipped with FM radios and shotguns; two sub-machine guns, tear gas bombs, and gas guns.

Police and fire department desks are consolidated from 4 p.m. to 8 a.m., thus eliminating duplication of personnel, the chief explained. A fireman handles the police desk and radio communications during those hours, as well as answering fire calls.

Supplementing Upland's regular police force is the 19-man reserve police organization, headed this year by Tom Swetonic. Each Reserve officer serves with the regular officers at least eight hours a month on special patrol duty on holidays, during emergencies, and on routine patrols.

Reserve officers are: Harold Barber, Earl Head, Lee Bigley, Leonard Smith, Chris Sanders, Roy Van Hoy, George Saulters, Earl Bennett, Bill Goalby, Fred Barrett, Don Harris, Gerald Hays, Henry Sampson, Jimmy Galbreath, Carl Reitz, Joseph Blouin, Walter Lettenmaier, and Tom Swetonic.

Bids Opened On Euclid Improvement

Bids have been opened by the state division of highways for reconstruction of Euclid avenue between Pine and Eucalyptus avenues, a length of 2.3 miles south of Ontario.

When completed the avenue surface will be 24 feet wide with four-foot shoulders.

52 Per Cent Gain In Circulation Is Library Report

In the last 10 years, circulation of books in the Upland library has increased more than 52 per cent and each of the 7,538 borrowers at the library took out an average 14 books during the year just closed according to the annual report filed yesterday by Lucile McDonald, librarian.

Circulation for the 12 months ending June 30 totaled 93,162, an increase of 31,810 since 1943.

It was pointed out that while Upland's population increased 48 per cent in 10 years, the library circulation has gained 52 per cent.

Total of 1,268 new books were added to make the collection now 34,711 volumes.

Fiction books led in the reading, representing 56 per cent of the circulation. About a third of the circulation was from the children's room, 31,403 junveile books being read by 2,284 registered members in the children's department. Statistically, this means each child read more than 13 books and each book went home to some child at least four times, from 10 a.m. to 6 p.m.; through

More than 10,000 magazines were taken home by Upland patrons. For each of the 11,104 persons living in Upland, the library owns three books, or about five books for each person having his signatue on file at the library.

Besides the 34,711 books on file, the library receives approximately 200 magazines regularly, with about 15 of the magazines in the children's room.

The library is open from 10 a. m. to 9 p. m. each week day, closed Sundays. During the summer, the Children's room is open from 10 a.m. to 6 p.m.; through the school year from 2 p.m. to 5 p.m. and all day Saturdays. The staff of the library includes Miss McDonald, librarian, Mrs. Louise Franke, assistant librarian and children's librarian, Mrs. Florence Moore, Mrs. Helen Bridge, Mrs. Agnes Day, Miss Carrol Wensel and Miss Sharon Pillsbury. C. W. Lenhert is the custodian.

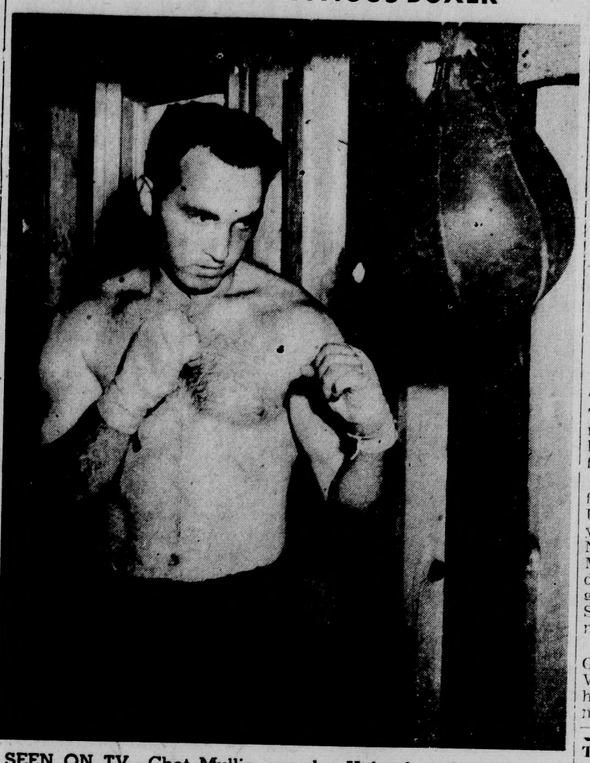
UPLAND'S AMBITIOUS BOXER



SEEN ON TV—Chet Mullis, popular Upland amateur boxer works out on his punching bag at home in preparation for Thursday night matches at Olympic stadium in Los Angeles. Mullis runs four miles every morning before going to work.

Mullis Gaining In Boxing

Chester Mullis, Upland's amateur boxer, who has been climbing the ladder of popularity with his televised bouts in Olympic stadium, Los Angeles Thursday evenings stands in third place for a $1,000 war bond prize offered by Oylmpic stadium officials. June 25 he scored a second round K. O. against "Ironing Board Scott" in a heavyweight bout.

Seen on channel 12 at 8:30 p. m. the popular young boxer fought his seventh bout Thursday night against Winsley Lane, as the "special event" of the evening. The bout was stopped in the third round when Mullis received a cut left eye. He received a trophy for the best preliminary fight.

Termed by some Olympic officials as the "White Hope", the Uplander started boxing several years ago when he was in the Navy. He is managed by Henry Mendoza of Colton, and works out daily at a gym in Colton. Before going to work each day at Kaiser Steel Mill, he runs four or five miles.

He says he may enter the Times-Golden Gloves boxing competition. With his wife and three children, he lives at 1279 North Fifth avenue.

State Picnics

Kansas

The Kansas State society will hold its annual mid-summer picnic July 19 from 11 a.m. to 4 p.m. at Bixby park, Long Beach. There will be a register for all 105 counties and for colleges.

New York, New Jersey

A picnic for New York and New Jersey societies will be held in Bixby park, Long Beach, all day July 12.

TEMPTING MENUS . . . Quick 'n' Easy!

That's the cue for the food fare these warm summer days! Check this ad for suggestions as well as savings on foods for meals that practically serve themselves. Appetites welcome the appeal of a good, wholesome picnic style meal!

The accent is on sandwiches and salads, perked up with items such as pickles, olives, cold drinks. Variety is the keynote, and ideas are unlimited! Serve some meals cold . . . some should be hot! There's magic in menus such as this one, served with cooling drinks in a setting of porch or backyard. Easily prepared in advance, it's served in a jiffy . . .

COMBINATION GRILL

4 Servings

- 4 Frankfurters
- 2 1-inch strips of green pepper
- 3 Slices cheddar cheese
- 4 Slices bologna
- 2 Tomatoes, sliced
- Salt and Pepper

Slit each frankfurter in three places crosswise, but do not cut all the way through. Insert a strip of green pepper in each slit. Place frankfurters on grill.

Alternate layers of bologna and cheese, beginning and ending with bologna slices. Cut into quarters and place on grill.

Place sliced tomatoes on grill and season with salt and pepper. Broil 5 minutes on each side, or grill on top of range. Serve with Toasted Mustard Rolls.

TOASTED MUSTARD ROLLS

- 1 Tablespoon prepared mustard
- 2 Strips crisp bacon, chopped
- 4 Frankfurter rolls

Combine mustard and chopped bacon. Spread generously on rolls, split lengthwise. Toast rolls in oven at 375° F. for 5 minutes.

DELICATESSEN

We're proud of our delicatessen salads . . . all made of the finest ingredients in our own modern, sanitary kitchen. They're delivered each morning "kitchen fresh" to the stores in refrigerated trucks. Cool menus call for one of these taste-tempting treats . . .

20-30, Rotary Bag Victories

Rotary punched out 12 safeties as Tommy Salters and Jimmy Davis combined to halt Horticulture Center 19-5. In the nightcap 20-30 Club blasted the Lions by 16-3.

Rotary opened the fray by punching four runs across in the top of the first inning on hits by Terry Peck and Mike Callahan. After Horticulture had tied things up in the bottom of the second, Rotary plucked away for five more tallies in the third. In the two innings that followed Rotary punched across 10 more runs.

Jim Davis with 2 for 2, Ken Walker with 2 for 3 led the Rotary at the plate.

The other tiff was almost as brutal. 20-30 went to work on Westerland for 11 hits, with Gates and Ramirez garnering six. The latter twirled a nice three hitter, had matters under control at all times. After only three innings of play 20-30 owned a 16-3 edge and from there coasted to the win.

23 Runs Scored In One Game

By Mike McFadden

In the Pony league second round openers Saturday night at Upland Park, Haigh Bros. made a mess of things, mothering the Elks 23-3. The Legion captured the first game 3-1.

All of the Legioneer's tallies came in the first inning. Highlighted by Jackie Mauch's booming triple the Legion pecked away at Red Hunter's offering for four of the six safe blows before the inning was over.

Little Skip Wulf went the route for the winners twirling a tight four hitter being solved twice by Jerry Shackelford with 2 for 3.

In the nightcap, although there were only 10 hits, Haigh Bros. went to work on Joe Leon cashing in on eight errors and five walks. Rudy Cardenas and Large Larry McGready spaced three hits for the win.

Hal Edmon with 3 for 3 and Johnny Miguelena with 2 for 3 led the winners at the plate.

Site To Be Cleared Soon for Start Of High School Here

Early construction of the first unit of the new Upland high school is forecast.

The 40-acre site is now covered with citrus trees but within 60 days 15 acres of the property is scheduled to be cleared and an architect will soon be engaged to prepare plans.

Superintendent Dan C. Milliken said that construction will be well under way early in 1954 if present plans materialize.

Tentative draft of a "master plan" for ultimate development of the project has been presented to the Chaffey board of education members. This is scheduled for early approval. In general, Eleventh street will serve as the "front" of the campus with the athletic field and other auxiliary facilities toward Foothill boulevard.

The new campus site extends along the east side of San Antonio avenue from Eleventh to Foothill. Twenty-five acres have been leased in order that another crop of citrus will be harvested.

Bids have been called for the clearing of the 15 acres at the southwest corner of the site as one of the first steps looking to actual construction of the high school campus.

Bonds for construction of the first unit of the new high school were voted in January, 1953. The new campus will serve students from Upland, Alta Loma and Cucamonga.

Utman Head Of Chaffey Board

Alfred H. Utman, Etiwanda, is continued as the new president of the Chaffey board of education, following the reorganization meeting of the group.

Edward J. Pollack was installed on the board to succeed Melvin L. Dinger, whose term expired and who was not a candidate for reelection. Mrs. G. G. Klepper was reinstalled for another term. William Gilliland, Upland, was named vice chairman of the board.

Transfer of Leslie Standlea of Upland from the high school to the college faculty was approved at the board meeting.

Silver Harvest Plan Resumed

Awarding of prizes to Silver Harvest winners will be resumed Saturday, the plan being omitted last week due to the July fourth holiday.

Total of $229 is in the jack pot, according to George Haack, head of the merchants' division of the Upland chamber of commerce.

Mrs. Anne Sherill, 263 North Third avenue, was present and a winner of $22 at the last awarding. E. G. Woody was an absentee winner of $22.

Sweet-Tooth Burglar Gets Candy Loot At Park Concession

One or more burglars with a sweet tooth apparently had their fill Friday whenthey took two cartons of candy bars and several bottles of soft drink after breaking into the concession stand near the baseball diamond in Upland Memorial park.

Harvey McMasters, 757 North Third avenue, manager, valued the stolen goods at about $1.70. Thieves entered by prying open the corrugated steel roofing and cutting the wire mesh ceiling.

City Council Acts on Zones, Poultry Plant

Sale of 3,400 feet of water mains in San Antonio heights, allowaince of changes in a poultry project in the agricultural zone, the suggestion of a possible bond issue and approval of zone changes featured the Upland city council meeting Thursday night. A wide variety of items were handled, most of them routine matters.

The San Antonio Water Co. is developing its domestic system in San Antonio Heights and all the former Upland city water customers on one line have signed up to obtain company service, according to a letter from Don C. Adams, company manager. Since this is the case, the city voted to sell line it would not otherwise need. The purchase price was $1,345.

Mr. and Mrs. Arnold A. Christian were given permission to improve their poultry plant midway between Nineteenth and Twentieth streets east of Euclid avenue. Permission was required from the city council under items of an interim ordinance and since his property is not in the poultry zone.

Chickens are to be maintained on the east half of the property, some distance from Euclid avenue. It was pointed out Mr. Christan, who is an agricultural teacher at Chaffey high school has maintained chickens on his 10 - acre citrus grove and that relocation of the equipment on the eastern portion of his property will improve the entire area.

Bond Issue Needed

Due to the residential growth south of Foothill boulevard, water pressure frequently is low for residents along West Foothill boulevard, City Manager Richard G. Manley reported.

The city has a site for a new reservoir on Fourteenth street at Benson avenue and this project should be realized soon to provide adequate pressure and water reserve, Mr. Manley said in recommending a special bond election to provide necessary funds. He suggested a bond issue of $200,000 to give adequate facilities.

Four zone changes were authorized following public hearings and in accordance with the planning commission recommendations. Howard Bowles' application for a residential zone on Fourteenth street east of Euclid avenue was approved. Also approved were changes to multiple family zones for John Nicholson and Neil D McCallum for their West Ninth street property. The half block business property on the east side of Euclid avenue from A street was placed in the business zone on condition that future buildings must be approved by the planning commission.

Four-way "Stop"

Need for a four-way stop sign on Second avenue and Eleventh street and "no parking" signs on San Bernardino road at the San Antonio hospital was pointed out. Councilman Don Carr reported the police commission was not in favor of four-way stop signs on Arrow highway at Mountain avenue.

Robert Thrall was reappointed to the library board.

Request of Charles Eliot relative to a contract for next year's planning consultation service was referred to the finance committee.

Mrs. Vonneda Dunn Bailey, Ontario, filled a claim for damages of $17.50 as the result of backing her car off a culvert in the 400 block on West Twenty-third street. Mr. Manley reported this culvert needed attention and the street committee was authorized to investigate with power to act.

Purchase of an aerial map of the city was authorized at a cost of $400.

Public hearing was set for the request of H. L. Manker on a zone change on his West Thirteenth street property on Aug 6.

Burglar Finds It Easy To Get In Due to Hot Weather

Hot weather helped a burglar make easy work of entering the home of Mr. and Mrs. Glenn Briggs, 1350 North Euclid avenue, Sunday evening and of taking binoculars and cash, valued at $73. The family left home with the front door open, and only the screen locked because of the warm weather.

The burglar punched a hole in the screen and unlocked the latch. According to police, every drawer in the house had been searched and neatly closed.

Cucamonga Lion Leaders Installed

New officers are now in charge of the Cucamonga District Lions club with Pete Klusman, native Cucamongan, being president.

Other new officers are Ray Lawyer, first vice president; Verne Hinrichsen, second vice president, H. O. White, secretary; H. C. Hall, treasurer; Lewis Kinney, Lion tamer; Dr. Wayne Cameron, tailtwister and Lewis Gilbert, Carl Brancacio, James Reynolds and Mike Siran, directors.

George Mahan is the retiring president. Stanley Larson, Claremont publisher, was the installing officer for the ceremonies held in the Sycamore Inn recently.

Red carnation corsages, made by Mrs. Arthur Allen, were given to all the women guests. Dinner was served with a program and installation following.

Present for the annual event were Messers and Mesdames; Bob Buchenau, Jack Beekman, Verne Hinrichsen, Geo, Mahan, Pete Klusman, Carl Masingale, G. A. Billings, C. E. Hogancamp, Ray Lawyer, H. C. Hall, A. E. Lewis, Arthur Allen, Bob Hauser, Charles Hawthorne, Ray Derfer, Carl Brancacio, Bill Dickson, James Reynolds, Lewis Gilbert, Lewis Kinney, Wayne Cameron, Ancil Morris, Henry Bischoff, Dr. Herman Baker, and H. O. White, Mike Siran, Lloyd Frimmerdorf.

Pvt. Bob Taylor came down from Fort Ord for a visit over the holiday week end with his parents, Mr. and Mrs. Reg Taylor, 407 North Third avenue.

Uplander's Third Invention

Machine That Stacks Boxes In Citrus Houses, Is Patented

Alvin L. Eshelman, a long time Uplander, who resides at 651 East Arrow highway, recently received a patent on a machine to stack citrus boxes, adding to his list of three previous inventions designed to simplify operations in citrus processing.

A resident of Upland since 1921 Mr. Eshelman has worked at Upland Lemon Growers association for 20 years in charge of maintenance. He also has been working for the University of California doing citrus agricultural research in this area.

Three of Mr. Eshelman's new box stacking machines are in use at present, one of them at the Upland Lemon Growers association. Resulting from his long experience and familiarity with problems in handling citrus fruit, he developed the intricate device to automatically stack citrus boxes 10 high in the packing house storage areas. Manufactured and sold by Brogdex Manufacturing Co., Pomona, the device's price is $5,000 to $6,000, depending on the installation.

Among his other machines, the first of which was patented in 1951, are a box-dumping device which automatically empties citrus field boxes. Three of these are in use at the Lemon growers. He also has developed an automatic lemon counting machine and a labeling machine.

On all these points of comparison...

Chevrolet's farther ahead than ever!

. . . **IN NEW AND ADVANCED STYLING**—The new long, low, sleek lines of the 1953 Chevrolet set new standards of beauty in the low-price field. Here you will see careful detailing and a richness of appointments always before found only in much costlier cars.

. . . **IN HIGH-POWERED PERFORMANCE**—*The most powerful engine in the low-price field!* The entirely new 115-h.p. "Blue-Flame" engine in combination with new Powerglide* brings you new high-compression power and a wonderful gain in economy, too. In gearshift models you will find the advanced high-compression 108-h.p. "Thrift-King" engine.

. . . **IN SMOOTH, SIMPLE AUTOMATIC DRIVING**—Expect faster getaway with Powerglide's new automatic starting and passing range . . . and new economy, too. Chevrolet's new Power Steering* takes over 80 per cent of the work of steering, makes parking unbelievably easy.

. . . **IN ECONOMY AND VALUE**—Now, you'll get many more miles out of every gallon of gasoline. You'll save on over-all operation and upkeep, too. Yet Chevrolet remains *the lowest-priced line in the low-price field.*

. . . **IN AMERICA'S FAVOR**—Again this year—as in every single postwar year—more people are buying Chevrolets than any other car. In fact, latest official registration figures show that Chevrolet is over 25% ahead of the second-place car. Nearly 2 million more people now drive Chevrolets than any other make.

*Optional at extra cost. Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine available on "Two-Ten" and Bel Air models only. Power Steering available on all models.

ALAN A. COUCH

SECOND AVENUE at C STREET UPLAND, CALIFORNIA

It Is YOUR Money That Is Being Spent; Do You Like How It Is Being Done? Do Something About It!

Supposing it were legal, you wouldn't like it if someone wrote checks on your bank account. You would, at least, want to know for what the money was being spent.

Well, YOUR money is being spent—and it is being done legally.

Do you like it, is it necessary and is it how you would spend it?

We are referring, of course, to money being spent by public agencies. More specifically, it is the Upland board of education, the Chaffey board of education and the city council who are spending your money. Of course, the county board of supervisors and the state legislators are also spending your money but the other agencies mentioned are very close to home. The officials in charge are your neighbors and you can confer with them about money matters anytime.

August 4 at 7 p.m. is the time for the public hearing on the Upland school budget. Usually, this is only a very routine procedure. The time for hearing comes—and goes without anyone ever appearing to question the details and the totals. Likewise, the Chaffey budget hearing is something to be observed as a legal procedure—no one seldom objects.

Also, the Upland city budget is in the process of being prepared. Department heads have submitted their requests to City Manager Richard G. Manley and soon the tentative budget will go to the city council finance committee of which Robert Thrall is chairman.

Two months from now will be too late to really make any changes in the scheduled expenditures. This is the month for perusal, study and preparation of any constructive changes or serious protests.

Generally speaking, the governmental agencies in this area are doing an economical job of spending your money. Many people on these agencies, however, see opportunities for economy but oftentimes the economy-minded public officials are in the minority. And so economies sometimes are not made, as some public officials would like.

Public officials welcome a constructive approach to public problems. Every member of the city council finance committee would welcome the opportunity to give a detailed report of the proposed city budget and to sit side-by-side with citizens interested in better government and economy in public management.

Likewise, we are sure members of the Upland board of education and the Chaffey board of education, would appreciate the serious consideration of proposed expenditures by interested and constructive-minded citizens. And the same goes for the county board of supervisors.

Average citizens serve on these public agencies. They do it out of a spirit of public service and their time for public matters is, of necessity, very limited.

The whole point of this is: "If you have any interest in how your money is being spent by public agencies NOW is the time to make a study of the proposed budgets and to offer any suggestions."

How Times Change -- Russia Praised By Us -- 10 Years Ago

It's interesting to recall that just about a decade ago the movie "Mission to Moscow" was released. Based on the book by Ambassador Joseph E. Davies, the film not only went all out to boost Russia but went well beyond anything that Davies had written.

In those days, of course, the Soviets were our allies and we wanted to think the best about them. But the fact that the picture was an obvious exaggeration in favor of Moscow taken from a book which was certainly friendly to the Kremlin, caused hardly a ripple of criticism.

Now, 10 years have passed. And Russia's popularity of yesterday in America has long since vanished. To show that film today would surely bring on a congressional investigation. It all goes to emphasize how public sentiment changes. The Russia of 1943—that is, the government of Russia—which just a few years before had trampled on little Finland, was just as much of a stinker as it is today. The only difference is that today we're willing to admit it.

On the possibility that Governor Earl Warren may not run for a fourth term as California's chief executive, it is rumored that some members of the "Warren team" are casting around for a candidate to oppose Lt. Governor Goodwin Knight, who is an almost certain candidate next year. To date, however, no Republican has been found to substitute for Warren who would stand much chance against Mr. Knight.

Give the best you've got today. That's a recipe for a better tomorrow.

Against The "Smear"

"I believe it is time to speak out against the 'smear.' It has reached the point in this country where a public issue cannot be discussed without both sides attacking the motives of their opponents instead of the arguments involved in this issue.

"In my opinion, we are confronted with a situation where the real Communists remain pretty secure. It is easy to hide in a lynching mob and, indeed, yell out to put the finger on people who might really pin things on you. On the other hand, civil rights are not well defended by mudslingers although the slinging of mud is said to be in defense of civil rights.

"Nor are civil rights well defended by people who refuse to recognize serious dangers to national security. . . .

"It is said that Communists achieve their purpose through setting extreme group against each other because in the ensuing battle those in the middle (the real enemies of Communism) are crushed. . . .

"I trust there are still enough who are in the middle to stand up against extremists no matter how loudly they condemn us from both sides."—(Rep. Thomas B. Curtis (R) of Missouri.)

Occasions do not make a man either strong or weak but they show what he is.

Few Firecrackers Exploded Here

Fourth of July celebrating was begun early and finished late by several youngsters who used firecrackers despite the city ordinance prohibiting their use.

Police received a call at 4:15 p. m. Friday from H. C. Meek, 690 East Eleventh street, who reported that boys were shooting fireworks at Campus and Eleventh street. Officers were unable to locate the boys.

Five boys were taken into custody of police and returned to their parents Sunday minus firecrackers—after they reportedly exploded them inside a post box at ninth street and Campus avenue. Paul A. McIntosh, 711 East Ninth street, reported the incident to police. Upon questioning, the five boys, all brothers, revealed they had bought the firecrackers from Tom Atkinson, Ontario.

The manager of Frosty Freeze, 1290 East Foothill boulevard reported to police at 11:15 p. m. Saturday that boys were using firecrackers and causing a disturbance.

Mrs. W. F. Hewlett, Long-time Resident, Claimed by Death

Funeral services were held Monday afternoon at the Stone Funeral home for Mrs. Alice Winifred Hewlett, wife of William Franklin Hewlett, 2680 North Mountain avenue, San Antonio Canyon, who died last Wednesday night at San Antonio Community hospital at the age of 83 years. She had been an invalid for many years.

A native of Walnut Hill, Ohio, Mrs. Hewlett came to California 76 years ago, and resided in Poway, Pomona and Ontario before coming here 34 years ago to make her home. She was a member of Bethany Union Church, and until her health failed, was active in both Sunday school and church work.

Surviving besides the husband, are a daughter, Miss Esther Parnell Hewett, at home; one son, Frank Hewlett of El Monte; a sister, Mrs. Fred H. Thatcher of Escondido; and one grandchild.

The Rev. Marvin F. Friesen of Bethany Union church officiated at the last rites, which were followed by interment in Bellevue cemetery.

Mrs. Edward D. Highducheck and daughter, Kathy, 634 North First avenue, have returned from Fort Wayne, Ind., where they enjoyed a visit of several weeks with Mrs. Highducheck's mother, Mrs. Catherine Conroy. They were accompanied back to California by Mrs. Highducheck's nephew, Stephen Sorgen, who will spend a few weeks here.

Grape Outlook Is 75 Per Cent Of 'Normal', Is Report

Grape production will be about 75 per cent of the normal yield, according to the current forecast of the San Bernardino county agricultural department.

"Where no frost damage to vineyards occured, the crop looks good with possible exception of Mataro and Alicante varieties," said the June summary of crops.

The deciduous fruit crop is estimated at 50 per cent of "normal."

Mrs. E. R. Taylor, Long-time Resident, Taken by Death

Mrs. Elizabeth Rippy Taylor, 233 North Laurel avenue, widow of Nicholas E. Taylor, died Saturday at San Antonio Community hospital, following a two-week illness. She was 76 years of age.

A native of Greensburg, Indiana, Mrs. Taylor came to Upland 42 years ago and had made her home here since that time. She was a member of the Upland Methodist church, and was affiliated with Silver Link Rebekah lodge, the Woman's Relief Corps and the Auxiliary to the Sons of Union Veterans. Her husband died Jan. 1, 1931.

Mrs. Taylor is survived by one daughter, Mrs. Elroy Miller of Upland; two sons, Edward M. Taylor of Oakland and U. S. Taylor of Yountville; a sister, Mrs. Nancy Atz of Louisville, Ky.; a brother William Rippy of Indianapolis; three grandchildren and one great-grandchild.

Funeral services were held Tuesday afternoon at the Upland Methodist church, conducted by Dr. Ralph W. Lee, pastor. Interment was in Bellevue cemetery, where the Woman's Relief Corps and Auxiliary to Sons of Union Veterans had charge of the commital rites.

Funeral Services For Mrs. Jesson

Funeral services have been held for Mrs. Marie Jesson, long-time Ontario resident, who died Friday as the result of injuries in an automobile accident Jue 11. She was 86 years of age and the widow of Jacob Jesson, pharmacist. She died at the San Antonio Community hospital.

She had resided in Ontario nearly 60 years.

Involved in the accident were cars driven by Mrs. Anna May Stoeckel's car. The crash occured at San Antonio avenue and Mission boulevard, Ontario.

one brother, James Miller of Illinois; 11 grandchildren and 10 great-grandchildren.

Mrs. Smith left Friday afternoon, accompanying the remains of her mother to Latham, Kansas, for funeral services and interment.

Holiday Free Of Mishaps

Despite crowded highways, the holiday weekend was accident free here, and Upland police and fire officials recorded "a very quiet weekend."

Not a single accident or minor collision was reported to police from Wednesday until Monday.

Cars driven by William Swan, 855 North Ninth avenue and John R. Hernandez, 8754 Vinmar, Cucamonga collided July 1 at Ninth avenue and 11th street. Damage to the cars was slight and no injuries were reported.

Two grass fires Thursday brought out firemen for their only calls preceding and during the weekend. A brush fire in a vacant lot owned by Lee Wire at 1640 West Arrow highway required the attention of firemen at 8:50 p. m. Railroad flares dropped by a train crew started a grass fire at 11:40 p. m. on the south side of Foothill Boulevard at the Santa Fe spur.

Summer Conference For Clubwomen

Industrial Land East Of Upland Is Purchased

Opening up new industrial possibilities for the Upland district is the purchase of more property by the Kaiser Co. and the Santa Fe Railway Co. More than 300 acres are involved in the transactions. The new industrial sites extend from Foothill boulevard south to Arrow highway a short distance east of Etiwanda avenue.

While there are no immediate prospects for development of the property, the land was obtained for future use as industrial sites. Previous purchases by the Santa Fe, the Southern Pacific and the Kaiser Co. total several hundred acres.

Jack L. Ashby, Vice President and General Manager of Kaiser Steel stated: "It has been apparent to us for a long time that there is a great industrial potential in this area and we felt that in order to provide the proper foundation for this growth it would be desirable to acquire a substantial amount of industrial land."

Speaking for the Santa Fe, Fred G. Gurley, President, stated "It has always been the policy of our line to assist the proper and logical growth of industry through acquiring and developing suitable land. In the Fontana area a tremendous growth has already taken place and we recognize the many economic factors that point to a further substantial growth."

The newly acquired property on the Santa Fe, as well as that on the Southern Pacific, is considered to be favorable for industrial development of the land and it was pointed out that there are no immediate prospects of any new industries. Nevertheless, the total industrial property now available — approximately 1500 acres—provides ample assurance of available land for new industries which may desire to locate in the area.

Citrus Exhibit In Fair To Be Made by 20-30

Upland will have another citrus exhibit in the Los Angeles county fair, with the actual work being done by members of the 20-30 club and with the chamber of commerce lending financial support.

An effort will be made, however to obtain citrus fruit for use in the exhibit without cost from the local citrus associations.

Ed Wilson and Gerald Hays were at last week's meeting of the Upland chamber of commerce directors asking about the possibility of the citrus groups providing the fruit without cost. Previously, the fruit has been purchased and the view was expressed that since the entry is devoted to the citrus industry and is seen by many thousands of people at the fair, the associations should cooperate in the project.

The chamber board voted to advance $250 for expenses in connection ith the exhibit. The prize money is divided on a 50-50 basis between the club and the chamber's exhibit fund.

Chamber directors voted to place money in the chamber's July fourth fund into the general fund. For many years, the chamber sponsored a holiday display but since this has been discontinued, the fund will be made available for general expenditures.

Charles Dunlap, president, presided at the board meeting. Others in attendance were Mrs. Edna Tacke, G. B. Warders, H. C. Van Dusen, and Mrs. Lillian Hilde secretary.

Sales Tax And License Income To City Gain

Increases in sales tax revenue, business licenses, water sales and other items feature the 12-month summary of City of Upland activities. The reports were filed at the meeting of the Upland city council Thursday night.

The city sales tax of ½ of one per cent produced $43,912.70 for the city treasury, an increase of $2,581 over the 1951-52 total.

Showing a decrease in income were fines to the city court, which when down more than $1,500, according to the figures submitted. Building department permits dropped to $6,179 from $8,045.

Business licenses increased $1,205 for a grand total of $15,520.47. Water sales mounted to $133,585.61 as compared with $119,326.57 for the 12 months in the previous year.

Refuse collections and garbage rental produced increased income of more than $4,000.

Two From Here At Whittier College Summer Session

Arden D. Oswald is now in Okinawa as a radar operator with the 97th anti-aircraft artillery group, according to word received here. He is the son of Mr. and Mrs. Louis Oswald, who formerly resided on East Ninth street. His wife, the former Billie Nichols, is residing with her parents, Mr. and Mrs. Albert Nichols at 857 North Fourth avenue.

Private Oswald entered the service Dec. 9. He was graduated from Chaffey high school in 1950 and is a former Chaffey college student.

Family of Four Owes $7,944 Of Federal Debt

Every family of four in San Bernardino county owes about $7,944 as its share of the federal debt on June 30, 1953, according to the California Taxpayers association.

For the county's 335,300 people, the share is $665,990,000 --or about $1,986 per person.

At the end of the fiscal year, the national debt was $226,123,134,400, according to treasury department reports.

C. of C. Directors To Be Named Soon

New directors of the Upland chamber of commerce will be elected before the month is over to replace the six retiring directors.

Directors whose terms expire are Dwight Bert, Lyman Keys, G. B. Warders, Basil Harris, Robert Frady and Merrill Conn. Holdover directors are H. C. Van Dusen, Mrs. Edna Tacke, Harold Spiegel, Vernon V. Paine, Mrs. Dorothy Manley and Charles Dunlap, the latter being president.

City's Assessed Valuation Goes Up Nearly $300,000

Exclusive of public utility property, Upland's assessed valuation is $8,873,650, an increase of $295,130 over the figure of a year ago.

At a later date, the report from the state board of equalization will give the local value of the public utility, and railway property within the city. The total valuation is estimated to be well into the $9,000,000 figure.

Upland is the "fourth" city in the county on the basis of assessed valuation, San Bernardino is first with Ontario second at $21,193,840. Redlands is third.

New construction in Upland was not as heavy during the last fiscal year as in some previous years. The assessment increase, therefore, is considerably less than previously.

For the county as a whole, the assessment increased 24 million dollars.

College Heights Seeks Bus Line

Establishment of bus service for College Heights residents is being sought.

The Citrus Belt Bus line management is also considering the possibility of extending service to the area as far as Central avenue and announcement may be made soon of the additional service.

Residents in the area have petitioned the chamber of commerce for assistance in getting the transportation. A meeting is to be arranged between residents in the district and the bus line management.

25 Measures Sponsored by Shaw Are Passed

Twenty-five bills sponsored by Assemblyman Stanford Shaw were passed during the legislative session recently ended in Sacramento and some of them are awaiting the governor's signature. Governor Earl Warren has until July 15 to sign the measures and unless he does so by then they die, Mr. Shaw explained.

"Recently I have received telegrams from the governors office advising that some of the bills have been signed," Mr. Shaw said. "The first one of these is assembly bill No. 173.

"This measure concerns adoption law, and was suggested by Wiley W. Mather, attorney and political science professor. What it does is permit "short form" adoption proceedings for married minors, under the law provided for the adoption of adults. Such adoptions take place, generally, to make the adopted person the legal heir of the adopting person. Under this Assembly Bill 173 it will no longer be necessary to go through the expensive and delaying investigation of the adopting person's home in case of a married minor adoption. These investigations were being made of a home in which the adopted married minor person would never live. The bill also provided that once a minor parent has consented to an adoption in accordance with the formalities required by law, the minor cannot later revoke that consent. The existing law left some doubt in that respect.

"Another measure which has just received the Governor's signature is Assembly Bill 162. The measure calls for five school board members rather than three in elementary school districts having 300 or more pupils. When this size is reached the existing school board can declare that there shall henceforth be five members. If they fail to so decide, then at the next election the people of the district will have an opportunity to vote for a five-man board.

"A number of Ontario people interested in schools asked for this legislation. It is felt that a larger school board will permit a better division of the work and provide better representation of the district."

Upland School Attendance Is Up 14.5 Per Cent; Enrollment In Other Schools is Listed

Attendance in Upland Elementary schools increased 14.5 per cent for the year just closed as compared with the preceding year, according to figures compiled in the office of County Superintendent of Schools C. Burton Thrall.

In compiling the average daily attendance (ADA) figures in the county, the official reported about a 10 per cent increase for the county. The increase for Upland, therefore, is considerably higher than the county average.

ADA figures for the two Upland elementary schools and for the seventh and eighth grades in the junior high school total 1,441. For the previous year, the total was 1,258.

Cucamonga students number 736. These are in the two elementary school districts with 272 at Central and 464 in the Cucamonga school on South Archibald avenue. Alta Loma pupils numbered 175 and Etiwanda enrollment totaled 162.

"Mr. Texan" Movie To Be Presented In Ontario Friday

Evangelist Billy Graham's full-length movie "Mr. Texan", will be shown tomorrow night at De Anza park in Ontario, under auspices of the Ontario Ministerial association in cooperation with the Ontario recreation department.

The movie is the first full-length christian western film ever produced, according to C. W. Jaggard, chairman of the Friday evening program.
